

Confident in Math.

Confident in Life.

*Math is one of the true breakout skill areas that lead to infinite success in life!*

YOU'RE INVITED TO AN EVENING OF  
**STEM**  
**Family Night**  
FUN, GAMES, AND REFRESHMENTS!

**MAt** HNASIUM®  
The Math Learning Center

Provide Your Child With One of the  
Greatest Opportunities For Success in Life!

## *Confidence In Math!*

A recent study known as “The Forgotten Middle” reveals how children who receive the relevant math education and training by eighth grade have a higher likelihood of going to college and being more successful in high school, college, and careers beyond.

Mathnasium of Georgetown helps children make sense of math. We design customized learning plans for teaching the concepts your child needs to master. This teaching is provided by our specially trained and caring instructors who help each individual student learn and understand in their own way!

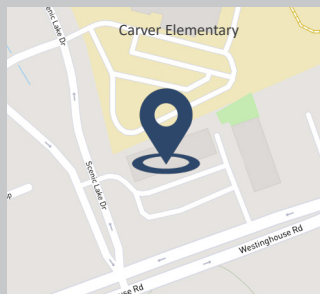

## FAMILY NIGHT With Fun, Games, & Refreshments

COME AND SEE OUR FACILITY!

We missed attending STEM nights at school this year, so we are hosting our own! STEM is the acronym for Science, Technology, Engineering, and Mathematics. Bring your children and learn what we have to offer while they explore with our CATAPULT, SLIME MAKING, M-A-T-H BINGO and plenty of other A+ctivities and refreshments.

**FRIDAY, APRIL 30<sup>TH</sup>, 6-8PM**  
**SATURDAY, MAY 1<sup>ST</sup>, 10AM-NOON**

RSVP - Call/txt 512.763.7587 or email  
georgetown@mathnasium.com by April 28<sup>th</sup>.
