

WHO DO WE SERVE?

Senior Access serves Seniors who are sixty and older who live in East Austin, Pflugerville, Hutto, and Round Rock. Our clients are mobile, but they no longer drive or limit their driving.

Contact us today to find out how you can help your senior neighbors discover their key to their independence.

HOW DIFFERENT WOULD YOUR LIFE BE IF YOU COULDN'T DRIVE?

How would you do your grocery shopping?
How would you get to the doctor or pick up your prescriptions?

SENIOR ACCESS

Senior Access was founded in 1993 on the premise that our senior neighbors lead happier, healthier lives when they “age in place”.

We support this premise by providing transportation and essential support services to help keep seniors independent.

YOU CAN MAKE ALL THE DIFFERENCE!

We need volunteers - and even a small amount of time each week can change someone’s life.

Our Clients’ primary need is transportation and volunteer drivers are in high demand. While these drivers provide the most essential service to our clients, there are also other areas where your generous service could be used.

- Simple Maintenance**
- Visits and Calls**
- Yard Work**
- Office Assistance**

Your time or donations could help thousands of senior citizens without transportation to stay in their own homes.
